

MUHAMMAD IZZAN FIELDI

Palembang, Indonesia | 081379153250 | muhammadizzanfieldi@gmail.com |

OBJECTIVE & SUMMARY

High-achieving Information Systems student (GPA 3.95/4.00) with hands-on experience in warehouse operational control systems and UI/UX improvement for internal corporate platforms. Experienced in inventory monitoring, business process analysis, and user-centered system enhancement. Demonstrates strong analytical thinking, operational discipline, and leadership capability in managing teams and structured initiatives.

PROFESSIONAL EXPERIENCE

- PT Telkom Akses – Warehouse & Inventory Operations Intern**
Palembang | Dec 2024 – Jan 2025
 - Conducted weekly stock reconciliation across 20+ inventory categories, ensuring alignment between physical stock and warehouse control system data
 - Supported daily material distribution serving 3–10 field technicians and monitored asset status to maintain reporting accuracy
 - Observed SAP-based inventory workflows to understand enterprise-level goods movement processes
 - Utilized internal SSO operational control system for stock tracking and asset monitoring
 - Conducted usability interviews and designed a WMS UI prototype using TCSD method, achieving a 100% Task Success Rate and significantly reducing cycle counting time.

EDUCATION

- Universitas Sriwijaya** | Bachelor’s in Information Systems (GPA: 3.95/4.00) | 2022 – 2026

SELECTED PUBLICATION

- M. I. Fieldi, Fathoni, M. Aiman.** “Human Computer Interaction Design in Web Based Warehouse Management Systems Using the Task Centered System Design (TCSD) Method” *TEKNIKA* (Journal of Information and Communication Technology), Volume 14(3), November 2025, pp. 480-489
- M. Ramadhan Putra Pratama, M. I. Fieldi, M. S. Albani, M. A. Fachrozi, F. R. Aderiyana, K. D. Tania, A. Meiriza.** “Perbandingan Algoritma K-MEANS, K-MEDOID, dan DBSCAN untuk Clustering Kualitas Hidup Indonesia dalam Perspektif Knowledge Management dan Data Discovery.” *Jurnal Teknologi Informasi dan Ilmu Komputer (JATI)*, Vol. 9 No. 4, 2025.

SELECTED LEADERSHIP EXPERIENCE

- Himpunan Mahasiswa Sistem Informasi (HIMSI UNSRI) – Vice President** | 2023 – 2024
 - Supervised 50+ active members and led annual strategic planning, implementing an internal evaluation framework that significantly improved cross-divisional team performance.
- Google Developer Student Clubs (GDSC UNSRI) – Creative Design Member** | Oct 2023 – Oct 2024
 - Designed data-driven visual solutions and infographics to effectively communicate complex tech initiatives for community events.
- Ikatan Bujang Gadis Fasilkom (IBGF) – Steering Committee** | Sep 2023 – Dec 2024
 - Oversaw the Organizer Committee, ensuring all work programs met strategic goals through comprehensive evaluation and problem-solving.
